

The diagram illustrates the relationship between MIDI note numbers, Japanese syllables, and note names (C, D, E, F, G, A, B) across two staves. The treble clef staff (top) and bass clef staff (bottom) are shown with their respective clefs. Notes are represented by circles with stems, and some are placed on the lines of the staff. The MIDI note number and Japanese syllable are listed to the left of the note, and the note name and octave number are listed to the right.
